The following account of the college exploits of Roscoe Stubbs, the son of former Governor and Mrs. W. B. Stubbs, is from the Kansas University Daily Kansan:

"Roscoe Stubbs, heavyweight son of the ex-governor, was the star of the shining star of last night's football practice. Roscoe, you will perhaps remember, is the portly young gentleman who was hauled to the gauntlet at the opening game against the Normals. The rosters intended to throw him up in a blanket—but they

couldn't find one strong enough. So they padded him instead.

"Roscoe is quite a bulky young fellow. He has weight—and plenty of speed to get up momentum. That's how it happened that he was able to intercept a forward pass last night and race thru the Varsity sixty yards to a touchdown. Understand, it was the weight and the speed that did it. Nobody was afraid of Roscoe, or anything like that. They just couldn't find him.

"Schmoozing with the freshmen lasted an hour, and every moment of it was overloaded with punch, tobacco, ginger, vim, and spice."

Plan for New Bridge Across Soldier Is Submitted.

A Billard Employee Is Injured by a Street Car.

The county commissioners will probably take action at their Friday meeting on the proposed erection of a bridge over Soldier creek on Kansas avenue. An engineering company of Des Moines, Ia., has submitted the plan of a bridge similar to one at Colorado Springs, which V. H. Parkhurst, civil engineer, terms "nice and artistic." Moreover, it is the only one thus far submitted which provides for a space for pedestrians, a thing urged strongly by the residents of Gardfield Place, who don't like to be compelled to buck the inevitable heavy traffic. The driveway arranged for is eighteen feet wide. The bridge would be of the single arch, "rainbow" type.

ARREST TRUCK DRIVER

Sped on With Machine After Striking Boy Is Charged Against Harris.

Harold Harris, truck driver, was arrested after midnight Wednesday night on the charge of speeding after his truck had struck Charles Ainsworth, 19 years of age, at Fourth street and Kansas avenue, rendering Ainsworth a serious injury.

Police officers who made the arrest say Harris was knocked five feet and rolled upon the pavement. He was unconscious for forty-five minutes. Dr. H. L. Clark, city physician, says it is possible Ainsworth will suffer no permanent injuries from the collision.

Witnesses say the truck driven by Harris was racing with a Maxwell automobile and that just previous to the accident the machine was traveling in the neighborhood of forty miles an hour. Ainsworth was in his buggy talking with Charles Pressman, who had just stepped out. The buggy was struck by the fender of the truck and twisted out of shape. Officers

and Strum were standing in front of the Throop hotel and heard the crash. Before they reached the scene Harris had started his truck and Ainsworth was lying on the ground after ordering him to stop. Harris was caught in an alley two blocks away.
